“Pendragon’ is a very impressive attempt at a historical epic ... very entertaining, inspiring and sometimes surprising Christian movie.”

Dr. Ted Baehr MOVIEGUIDE®

## AN EPIC FEATURE FILM WITH ETERNAL CHRISTIAN VALUES FOR YOUR ENTIRE FAMILY!

*As the barbarian fleets descend on the coast, the people of Britain are left to defend themselves...*

Set in Britain’s Dark Ages, *Pendragon: Sword of His Father* is more than an exciting fantasy film. Through the epic battles and dramatic intrigue shines the story of a young man whose life is changed when he submits himself to God’s plan.

With riveting action, stunning visuals, and a powerful score, *Pendragon’s* gripping message of faith, courage, love, and calling will inspire your family for a lifetime.

The film’s producers, *Burns Family Studios*, set out to inspire Christian young people to embrace God’s purpose for their lives – to take up the world-changing tasks that God has for them. The *Pendragon* team started as a group of two homeschool families who mobilized their churches and communities with a big idea: create an epic motion picture with Christian values at its heart.

“Pendragon captures the cry of a generation ready to step forward and transform their world...This film serves as an example of what happens when we believe in God’s call on young lives.”

Tim Eldred,  
Christian Endeavor Youth Ministry
