Turn Bible Reading from a Duty into a Delight

- Invites women to a deeper journey with God as they encounter Jesus in all of Scripture
- Study and discussion questions make this ideal for small groups or Bible studies
- Author speaks regularly at churches and large conferences such as The Gospel Coalition and True Woman

Far too often, reading the Bible seems like just another obligation to check off your to-do list. But the Bible is so much more than a boring book of rules and regulations and stories of plagues and punishments.

The entire Bible is a love story, and every chapter is a scene in the epic romance between God and humanity. In this sweeping overview of the Bible, Elyse Fitzpatrick reveals how each section—the Law, history, poetry, and epistles—points to God’s eternal love for you and the good news of redemption through Christ. You’ll find yourself drawn to the Bible like never before as you begin to see Jesus on every page.

Discussion questions make this a great book to study on your own or with a small group.

The Only Comprehensive Guide to the Prayer Life of Jesus

- Author is an award-winning writer, a leading voice in the prayer movement, and a sought-out expert on the subject
- Author travels and speaks at conferences, retreats, prayer gatherings, and churches
- Includes helpful Scripture-based prayers and study questions for personal reflection or group discussion

Prayer was essential to Jesus. Yet many Christians only know the Lord's Prayer, unaware of the rich, fertile prayer life he had while on earth.

With warmth and keen insight, Janet Holm McHenry takes you on an engaging, vivid journey through the 14 recorded prayers Jesus prayed as well as his teachings on prayer and his prayer practices. No matter our backgrounds or ideas about how, when, and why we should talk to God, we can learn from Jesus's simple, vulnerable examples.

This unique, comprehensive guide to the prayer life of Jesus provides background, context, and a detailed look at each one of the prayers of Jesus along with reflection questions and Scripture-based prayers. As we follow his example and take our problems to him, we will, like him, grow closer to the Father and find strength for our everyday challenges.

Reject Pride of Ownership in Pursuit of a Higher Mission

- Shows how the open-source concept can be applied to ministry, multiplying the reach of Christian organizations
- Peter Greer and Chris Horst have successfully led HOPE International into partnering with other ministries
- Authors are well known in the nonprofit community and regularly speak at large conferences
- Foreword by Tom Lin

Christian organizations have come to be known mostly for what we're against. And all too often, that includes being against each other. But amid growing distrust of religious institutions, Christ-centered nonprofits have a unique opportunity to link arms and collectively pursue a calling higher than any one organization's agenda.

Rooting for Rivals reveals how your ministry can multiply its impact by cooperating rather than competing with others, modeling Christlike love and generosity in the process. Peter Greer and Chris Horst explore case studies illustrating the power of collaborative ministry. Writing with vulnerability, they also share their own failures and successes in moving toward a kingdom mindset.

In *Rooting for Rivals* you'll discover the key to revitalizing your ministry and making an enduring difference in the world.

EXCERPT

It's difficult to mark the exact moment a girl becomes a woman. So perhaps the answer to the question *when does a girl become a woman* includes more than her age, traditions, or physical body. Here is what I can tell you with certainty. Strong women know that personal maturity transforms them into women. Maturity is a practiced skill and is best demonstrated when a woman knows how to do the right thing, the right way, at the right time, for the right reason.

The Girl's Guide to Conquering Life is packed full of real life, useful how-to instructions that will make your journey to womanhood a little smoother. This book is loaded with quotes, fun facts, and wisdom from women who are experts in their field. After all, it's pretty awesome to learn from women who can fix stuff, know how to behave in various social situations, and are known for their good character.

So, will knowing how to do stuff and behave "properly" actually make you a woman? Nope! Growing up takes time, practice, and some difficult trials. As you navigate the journey to womanhood, learn and grow not just your skills, but also your character. Character? Yes, character is who you are and what you do . . . even when nobody's watching. It's repeated patterns, decisions you make, and actions you take that develop the picture of who you are and who you will become. Strong women live by different standards—higher standards. Strong women don't believe that the type of clothes they wear, how much they spend, or the number of shoes they own are what makes them a woman. Strong women know that maturity, character, and being kind to themselves and others helps define them.

Illustrated Guide Helps Teen Girls Develop Life Skills and Confidence

- Packed full of practical, step-by-step instructions for 100 life skills and character traits
- Perfect tool for parents, mentors, and educators to help girls develop confidence and capabilities
- Authors have more than 20 years experience working with youth in mentoring, coaching, and educational settings
- Author's bestselling book *The Manual to Manhood* has sold more than 90,000 copies

There's a lot a girl needs to know as she grows up and makes her way in the world. Having a reference guide of practical how-to life skills and character traits can empower her to become a confident and capable woman. Coauthors Erica and Jonathan Catherman offer this collection of step-by-step instructions on 100 things girls need to succeed, including how to

- introduce yourself
- change a flat tire
- respectfully break up with a guy
- leave a tip
- apply for a job
- ask for a promotion
- behave during a police stop
- create a personal budget
- calculate square footage
- wash your face
- clear a clogged drain
- iron a shirt
- wear a scarf
- shoot a basketball
- sharpen kitchen knives
- and much more

In fact, if it's in here, it's an important skill or character trait practiced by capable and confident women. With great illustrations and sidebars of advice from world-class experts, this all-in-one reference tool for young women in the making is the perfect gift for birthdays, graduations, or any occasion.

EXCERPT

Pressures can skew the picture of reality—whether we’re aware of them or not. And they play into life’s Overwhelmed. Silently filling up and overflowing our capacity, sending what would normally be categorized as just a blip into the form of cyclone. Pressures often compel a stronger response than normal. Because Overwhelmed is great at lingering in the background, humming like an annoying broken appliance, barely noticeable until you just can’t take it anymore. Which can lead to something laughable (after the fact) like a your-kid-has-lice announcement, but can sometimes lead to deeper, internal missessaging with much more significant outcomes and consequences.

That’s when it’s gone too far.

Which is bad enough when we’re adults, but when the reach of Overwhelmed goes younger and younger, it’s even worse.

This is where our story really begins—at the *even worse*, actually at the unthinkable.

...
This particular story about Overwhelmed begins at a funeral (granted an extreme situation and setting to explore the topic), but it doesn’t end there. It doesn’t have to end there because Truth and Hope are always present to diffuse the often overwhelming nature of the world’s seemingly endless iterations of its winning ways.

But, Truth and Hope can be hard to see in the midst of it all. Thankfully, we don’t have to rely solely on ourselves. Maybe that’s a part of why we’re not alone on this earth. I mean, if we were supposed to travel life’s journey by ourselves God would have made it that way.

So, in an effort to walk alongside, to call out what threatens so many of our days, and to encourage looking for the light and for life—this is a little about our trek. It’s a road paved with laughter and with tears. And since no one need laugh or cry alone, it’s a road to be traveled together.

Helps Women Reclaim Their Lives from the Overwhelming Pressures of the World

- Offers women a new perspective on what makes them feel overwhelmed—and practical ways to find freedom in the midst of the pressures of a do-all, be-all world
- Wyma, a former White House staffer, international banker, and entrepreneur, is a mother of five, a blogger, and a podcaster
- Wyma's warm, humorously authentic style will appeal to women who want to tap into healthy perspectives and spiritual habits for themselves and their children

Too much to manage and not enough time or energy to do it? Join the club. Life is a pressure cooker and, more and more, being overwhelmed is just considered normal. But, truth be told, life's stresses and circumstances aren't the boss of us. What if we could take Overwhelmed and diffuse it—or, better yet, reframe it to good?

Author, blogger, and mother of five Kay Wills Wyma has learned that if we're going to be overwhelmed by anything, let's have it be Truth with all its grace, hope, peace, and love. In this freeing book, she shares how to confront life's pressures we face—at home, online, at work, in our relationships, on our calendars—and replace all those heavy expectations with the liberating truth that we were made for something better. Through her inspiring personal stories sprinkled with a dash of humor, she gives readers permission to step back, let go, and find fulfillment and freedom in a life lived in light of eternity.

Did you know most of our patterns of behavior are set by the time we are six years old? No wonder it's so hard to change! Dr. David Stoop shows readers that the true way to lasting change is in the renewing of our minds, which we accomplish when we faithfully read God's Word and meditate on it daily. He clearly shows how to move from fear to love, from resentment to gratitude, from lust to purity, from loneliness to connection, from idolatry to contentment, and from mistrust to trust. Anyone eager to find change that lasts will welcome this practical and encouraging message.

EXCERPT

If someone interviewed your children today and asked them, "What's the most important thing in your family?"—how would your children answer? If the interviewer pressed a little harder and said, "What does your family spend the most time doing? Or spend the most money on?"—what would your children say? Kids are honest, sometimes painfully so. They are superb at calling our bluffs and seeing our motives. They also delight us when they catch us doing something right.

When Emerson, my youngest, asked me what this book was about (as I was writing it), I answered, "It's a book about generosity and how we've learned it's better to give than to receive." She laughed! "But Mom, I'm not generous. I don't have any money!" I was like, well, there's goes that idea. I laughed and thought about her words and how maybe I needed to explain a thing or two. "Honey, yes, we can and should be generous with our money. But it's more than that. You spent all morning volunteering at Mercy House; we are cleaning your room so you can share it with someone who needs a place to stay tonight; and you are driving me crazy about completing the paperwork so we can offer respite to foster care families. This is living a generous life." She replied, "Oh, well, I thought it was just loving God."

Boom. It's both.

We love others.

We love our neighbors in our world by seeing their needs and meeting them. This is practical, real time, need-meeting. This is taking what we have and sharing it with those who have less, not in theory but in feet-on-the street, tangible acts of love.

Shows Parents How to Raise Generous Kids Who Impact the World

- Guides parents in raising their kids to be generous with their time, abilities, and resources
- Offers inspiration from biblical heroes and modern-day world-changers
- Each chapter ends with one of the author's family members answering relevant questions that can serve as conversation starters as well as tips to practice generosity
- Welch's *Raising Grateful Kids in an Entitled World* sold more than 40,000 copies in its first 10 months

Almost any parent you asked would tell you that they want their children to be happy, successful adults. But many of us forget (or never knew to begin with) that lasting personal joy is not necessarily found the way the world says it is—through reaching a certain socioeconomic status, having a certain job, buying a certain house, or having a certain amount in one's bank account. In fact, says Kristen Welch, popular blogger and author of *Raising Grateful Kids in an Entitled World*, personal satisfaction comes not from grabbing onto things but from holding them with an open hand and, very often, giving them away.

In this inspiring book, Welch shows parents how to discover for themselves and instill in their kids the profound joy that comes from sharing what we have been given—our time, our talents, and even what's in our wallets—with those who have less. Through powerful personal stories as well as stories from Scripture, Welch offers a tantalizing alternative to status quo parenting that has the power to impact not only our own families but the entire world. At the end of each chapter, one of the author's kids offers their perspective on what it's like to be raised as a world changer.

EXCERPT

When we acknowledge the goodness of God through using our gifts to glorify him, we experience his good pleasure. It's like showers of heaven sprinkled over my life and my family's life. And I love drinking it in.

Life is filled with opportunities to glorify God with our choices. When I make a choice about what to do with relationships, time, work, or resources, this choice is a way to manage the goodness, that thing I'm called to do.

In my journals, I seek answers to questions like: *How do we sense what we're supposed to do? How do we know what we're called to? What does it look like to live a life of returning the love God has given us, and loving Him back?*

This will look different for each of us. You have a journey that's all yours. You're in a season of life that's uniquely shaping you right now. There are unique challenges for each of us in every season and unique victories for us to claim.

My journey looks like a winding road, with ups and downs, road work, and vistas. It began with me playing guitar at an art club meeting in high school, then meandered to many surprises, like becoming a rock star, then a wife, then a mom, a writer, a speaker, and now a solo artist with a sporadically touring family.

Each season holds its own special uniqueness and significance.

I hope what I reflect on here inspires you to bravely say Yes to God. These flashes of my journals will let you see how the key to living my greatest adventure is following the Spirit as I travel this winding road.

Give Glory to God by Pursuing Your Calling

- Author is active speaker and performer, including partnerships with Billy Graham Evangelistic Association events and Greg Laurie Harvest events
- Author's previous books have sold over 40,000 copies
- Inspires readers to see God's greater purpose for their lives

It's easy to go through days, weeks, even years on autopilot, moving from one activity to another, rarely taking the time to consider what it's all for anyway. Why did God make us? What does he want us to do with the time he has given us? And how can we find out?

In her bestselling story-driven style, Christian rocker Lacey Sturm shares with readers the beautiful struggle of learning what one's unique gifts are and pursuing them wholeheartedly. She helps them see each day as a gift from God, find balance in their busy lives, and discover the joy of giving God's gifts back to him by using them to bring him glory.

Young people especially will love this openhanded and openhearted take on what to do with their lives, as will those who feel like they've been coasting or heading down the wrong path.

A Mother's Discovery of God's Healing Grace after a Miscarriage

- Written for those who have suffered miscarriage from one who understands the heartache
- Author has 20,000 email subscribers and her blog reaches 1.4 million page views annually
- Provides specific resources to support the bereaved, including a letter for fathers, ways to help children and friends grieve, suggestions for honoring your baby, advice on pregnancy after loss, and more

Though one in four pregnancies ends in loss, miscarriage is shrouded in such secrecy and stigma that the woman who experiences it often feels deeply isolated, unsure how to process her grief. Her body seems to have betrayed her. Her confidence in the goodness of God is rattled. Her loved ones don't know what to say. Her heart is broken. She may feel guilty, ashamed, angry, depressed, confused, or alone.

With vulnerability and tenderness, Adriel Booker shares her own experience of three consecutive miscarriages, as well as the stories of others. She tackles complex questions about faith and suffering with sensitivity and clarity, inviting women to a place of grace, honesty, and hope in the redemptive purposes of God without offering religious clichés and pat answers. She also shares specific, practical resources, such as ways to help guide children through grief, suggestions for memorializing your baby, and advice on pregnancy after loss, as well as a special section for loved ones.

According to George Barna, uncovering God's vision for your ministry is not an option. It's essential for the most productive ministry that will accomplish God's goals for building his kingdom. Ministry leaders with a clear picture from God of where they are headed are much more likely to experience a successful journey. In this book, Barna uncovers how God has shared his vision throughout history, how vision is different from mission, common practices and beliefs that inhibit true vision, practical steps toward experiencing and carrying out God's unique vision for them, and ways to share and promote congregational ownership of the vision.

While growing older is inevitable, many of the troubles we associate with aging—including dementia, disability, and an increased dependence on others—are not. The choices we make now can help us to maintain our vitality, a sharp mind, and our independence as we age.

Filled with simple, everyday actions we can take to avoid disease, promote vitality, and prevent dementia and late onset Alzheimer's, *The Aging Brain* is an easy-to-use guide to maintaining brain and body health throughout our lives. Based on solid, up-to-date scientific research, the interventions explained in this book not only prevent progression toward dementia even in those who have already shown mild cognitive impairment, they also reduce disability and depression and keep people living independently longer than those who do not practice these methods.

For anyone hoping to slow the aging process, as well as anyone who acts as a caregiver to someone at risk of or already beginning to suffer from dementia and other age-related diseases, this book offers a hopeful, healthy way forward.

Discover Behaviors to Stop and Start for Spiritual Growth

- Author reveals habits we need to simply let go of, along with spiritual practices we need to relearn in order to thrive as individuals and produce growth in our churches
- Church BOOM founder has led more than 300 churches toward growth
- Includes small group questions, sermon notes, and other tools for pastors to implement as a series in their church
- Foreword by Dave Ferguson

Let's face it. Church isn't working. We hear sermons about the abundant life Jesus promised, but how many of us are actually living it? How many of our churches are thriving? How many people in our congregations are experiencing God's blessings? Maybe it's time to call it quits.

Quit church? Well, not exactly.

Drawing from his experience coaching hundreds of churches toward true growth, Chris Sonksen calls on us to quit our casual, cultural commitment to church as we know it. No more half-hearted attempts to win the favor of God and other people by doing the right thing. No more doing things out of a sense of duty. Instead, Sonksen reveals the spiritual habits that release the blessings of God, both on each individual and on the church. He explains why we struggle to put these practices into action and gives practical solutions to move us forward into health, growth, and maturity.

- Author has a significant platform, including an email list over 25,000 and a popular blog
- This book will be the core ministry resource of Deeper Christian Life Network
- Bestselling author has a strong track record of book sales success

Why does the allegiance that radical terrorists give to their false cause exceed the allegiance that most Christians today give to Jesus Christ?

In *Insurgence*, bestselling author Frank Viola presents a radical proposal for Christians. Namely, that we have lost the explosive, earthshaking gospel of the kingdom that Jesus, Paul, and the other apostles preached. Viola argues that we've lost this dynamic, titanic, living gospel and exchanged it for a gospel of religious duty or permissiveness and "easy believism."

In today's politically charged era, Christians on the progressive left as well as the conservative right both equate their particular viewpoints with the kingdom of God. Viola challenges and dismantles these perspectives, offering a fresh and revolutionary look at the gospel of the kingdom.

Viola writes with gripping power, challenging Christians to embrace an unparalleled allegiance to Jesus Christ and his kingdom. This high-octane message is being reclaimed today, launching a spiritual insurgency.

Honest Exploration of the Struggle to Trust When God's Ways Seem Mysterious

- Bestselling author Larry Crabb is a respected Bible teacher and Christian psychologist whose books have sold more than 3.5 million copies
- Helps readers find comfort in knowing that God is with us no matter what comes our way
- "Larry Crabb is the ideal person to address this topic."—Philip Yancey, bestselling author of *Where Is God When It Hurts?*

It doesn't take too much living before we realize that life never goes quite the way we want it to. But when things get hard and we don't understand what God is doing, what is our first impulse? Is it to resist him and run away like Jonah? Or is it to trust him even while trembling in fear of suffering like Habbakuk?

In this powerful exploration of God's often mysterious and counterintuitive ways, Dr. Larry Crabb challenges readers to seize the opportunities for growth and maturity that come our way when we experience troubles and failures. Rather than pushing back against adversity, he invites us to look closer at what God is doing in our lives when it feels like he is far from us. Unpacking the stories of two very different prophets, Crabb lights the way to a life of resting in the goodness of a God who is always working out his plan for our lives.

Twelve Powerful Stories of Pastors Who Persevered

- This book will be a featured resource for The Gospel Coalition, receiving the full support of their marketing efforts
- Points the way for pastors struggling through difficult personal or church issues to look toward examples from the past to move forward
- Hansen and Robinson are editorial director and senior editor for The Gospel Coalition
- Foreword by Ray Ortlund

Most pastors know when they enter the ministry that they will spend time helping others through times of suffering. What they usually do not realize, though, is that they too will suffer. Caught off guard, many of them end up deeply hurt and quit the ministry, deciding that perhaps they misunderstood God's call on their lives or that they simply do not have what it takes. But church history is filled with compelling stories of men who were profoundly afflicted while they carried out their ministry and yet persevered faithfully until death.

Now the editors of The Gospel Coalition have collected inspiring stories of twelve faithful men who endured great suffering for the cause of Christ. The stories of the apostle Paul, John Calvin, Charles Spurgeon, John Bunyan, Wang Mindao, and others show that suffering in the context of ministry is expected—and it's never wasted. Pastors and ministry leaders, as well as those who support them, will find in this collection encouragement to run the race with endurance.

Practical Advice to Help Your Team Be Healthy *and* High-Performing

- Lance Witt is a recognized pastor to pastors with a weekly article on Sermon Central
- Natural follow-up to *Replenish*, which has sold more than 35,000 copies
- Based on 35+ years of leading and working with teams of all sizes

No matter how big an organization, we all do ministry with a team, whether paid or volunteer. Anyone who has been part of a great team knows it's something special. When there is good chemistry, everyone is operating from their sweet spot, the objectives are clear, and kingdom progress is being made, it is incredibly fulfilling and fun.

On the flip side, we're painfully aware what happens when there is dysfunction in the team—stress, tension, politics, and posturing. It's not much fun for anyone, and we end up squandering our divine assignment.

Lance Witt, founder of Replenish ministries and a former executive and teaching pastor at Saddleback Church, knows what it takes to keep teams functioning at the highest level of impact. He shows leaders how to build next-level teams that are spiritually, emotionally, and relationally healthy *and* productive and high-performing. Short, to-the-point chapters make the book easy to digest and the perfect resource for your team to read through together.

Proven Principles for Making Guests Feel Welcome (and Getting Them to Come Back!)

- Written from a big-church and small-church perspective
- Story-driven approach with tons of examples to help churches quickly implement ideas
- Young is the director of guest services at Buckhead Church and North Point Ministries; Malm is a business and church consultant
- Foreword by Andy Stanley

The key to growth as a church, youth ministry, or a business is getting first-time guests to come back. And as any good manager of a hotel, a store, a restaurant, or an attraction knows, the key to getting guests to come back is not actually the rooms or the product or the food itself; it's how guests feel when they're there. It's about hospitality. No matter how much effort and time we spend on excellence—stirring worship time, inspiring sermons, a good coffee blend in the foyer—what our guests really want when they come to our churches is to feel welcome, comfortable, and understood.

Written by a church consultant and a hospitality expert, *The Come Back Effect* shows church, ministry, and even business leaders the secret to helping a first-time guest return again and again. Through an engaging, story-driven approach, they explain how service and hospitality are two different things, show how Jesus practiced hospitality, and invite leaders to develop and implement changes that lead to repeat visits and, eventually, to sustained growth.

EXCERPT

You and I are ordinary people. There's nothing special about us.

We don't have Hollywood good looks, or the wealth of Bill Gates, or the IQ of Einstein, or the wisdom of Solomon. We're just . . . ordinary.

And that's good news!

Why? Because God loves ordinary people. Most of the heroes of the Bible were ordinary people who God used in extraordinary ways.

But while God delights in using common, everyday people like you and me, there's one factor that made God's "ordinary heroes" stand out from the crowd: They were people of prayer.

Prayer changes lives, moves mountains, and alters the course of history. The people God uses, the people God chooses, are ordinary people who pray.

Genesis 24 contains the first recorded prayer in the Bible. It was offered by a man so ordinary that his name doesn't even appear in the chapter. We only know his name because he was briefly mentioned in Genesis 15: Eliezer of Damascus. He was the senior servant in Abraham's household. We will hear this ordinary man pray for guidance from God — and his prayer will affect the course of thousands of years of history yet to come. . . .

Abraham Lincoln once said, "God must like common people, or he would not have made so many of them." Yes, God loves ordinary people like you and me — and once we learn to pray as these heroes of the Bible prayed, our lives and our world will never be the same.

So turn the page with me, and let's listen in on these simple, powerful, life-changing prayers.

Experience the Power of Prayer in Your Life

- Uses stories of prayer warriors from Scripture to teach readers to let go of fear and doubt and pray with boldness
- Author's weekly television programs and daily radio programs are broadcast in 25 languages and seen worldwide, airing more than 12,000 times per week
- Youssef is the founding pastor of The Church of The Apostles in Atlanta

They were just ordinary people—a loyal servant, a woman who desperately wanted a child, an old man who still had hope, and a young teenager who couldn't quite believe God's great love. Ordinary people who prayed extraordinary prayers to an extraordinary God. They weren't always eloquent. They weren't always the type of person you might think God would listen to. But they trusted God and his plans for their lives, and that made all the difference.

Life-Changing Prayers tells their stories and shares their desperate, hopeful, and gratitude-filled prayers, inspiring and emboldening readers to ask God for the desires of their own hearts. Anyone who desires to pray life-changing prayers, as well as anyone whose prayer life has grown stagnant or nonexistent, will find here the encouragement to pray confidently and expectantly to the God who always hears—and always answers.

EXCERPT

As children, we all have memories of lying in our beds hearing the thunderstorms rumbling and watching the flashes of lightning lighting up our rooms. Only later in life did I learn that lightning actually precedes thunder.

Lightning is extremely hot and can reach temperatures of 54,000 degrees Fahrenheit. It is so hot that when it hits the air, the heat causes the air to essentially explode because it expands so quickly. This expansion causes the loud cracking noise of thunder.

I think mercy and grace are meant to work in tandem, just like lightning and thunder. We repeatedly see in Scripture that mercy is God's first impulse toward us; and in the parable of the Good Samaritan, it should be our first impulse toward one another. When we show mercy to the poor, broken, and distressed, and extend forgiveness from the heart to fellow sinners and our enemies, these expressions of mercy create positive "heat." When we reckon the value of a soul as greater than our schedules, resources, priorities, and pride, we are acting in God's impulse of mercy. In doing so, this heat of mercy provides a vacuum for the Spirit of grace to fill, like a roll of thunder. Just as God's "indescribable gift" in Christ was God's thunder following His mercy, we need to rethink the "lightning" of mercy in our lives.

Dietrich Bonhoeffer, among others, pointed out that grace, being free, often leads us to vertical gratitude and worship, but not to the "expensive" love for our neighbor. The kind of love that costs us. Grace *is* amazing, but mercy is not mere pity; it is magnificent! It is the heart of the Father. Grace will not only abound but also result in rolls of thunder as we unleash our lightning bolts of mercy!

Uncover the Key to Lasting Joy

- A life-changing examination of Jesus's pattern of love where truth and mercy meet
- Teaches that God's first impulse toward us is—and therefore our first impulse toward others should be—mercy
- Author is chairman of Reimagine, a regular speaker, an experienced coach, and board member of several ministries and businesses
- Foreword by Walter Brueggemann

For Jesus, truth and mercy went hand in hand. Where he preached he also healed. He didn't outsource one or the other to biblical scholars or nonprofit ministries. He presented the truth of the gospel through his words and his actions, and he did it all in a hands-on, relational way. And the reaction was the same wherever he went—people were amazed.

Today we seem to have lost this powerful pattern of self-giving love, focusing on truth at the expense of mercy or on mercy at the expense of truth, and often failing to build genuine, lasting relationships with the people around us.

In *The God Impulse*, Jack Alexander helps us recover Jesus's model, showing through biblical and modern real-life stories that God's first impulse toward us is mercy. He then sets forth a pattern for us to follow—to see, go, do, and endure—that not only spreads truth and love to those around us who are suffering but also causes them to gasp in amazement and consider the claims of the gospel for themselves.

The point of thinking, learning, education, and technology should be to build a better world, with connect- edness and humanness at its core. As journalist Rutger Bregman so eloquently says, "I believe in a future where the point of education is not to prepare you for another useless job, but for a life well lived."

We need to get out of the labora- tory and realize we live in dynamic, complex, evolving societies—societ- ies that need us and our unique way of processing information. It is time to introduce the notion of lifestyle into the world of education, including the nature of concentration, thinking, and learning within specific contexts and cultures, between both communities and individuals.

In recent years, in an attempt to address the thinking crisis, several commercial, computer-based working memory training programs have been developed. They claim to benefit students suffering from ADHD, dyslexia, language disorders, poor academic per- formance, dementia, mental ill-health, and many other issues. Some claim to even boost IQ scores. These programs are used around the world in educational institutions and clinics, and most involve tasks in which participants are given memory tests that are designed to be challenging. However, research shows that the short-term memory and sensory skills developed in these so-called "brain games" are not necessarily transformed into deep thinking, cognitive skills. These games do not improve the kind of intelligence that helps people intellectual- ize, reason, solve problems, or make wise choices. In fact, according to a research analysis published by the American Psy- chological Association, working memory training from these brain games is unlikely to be an effective treatment for children suffering from disorders such as ADHD or dyslexia. Likewise, memory training tasks appear to have limited effect on healthy adults and children looking to do better in school or improve their cognitive skills.

The solution to these issues lies in the mind.

DAY
1

I have loved you even as the Father has loved me. Remain in my love... This is my commandment: Love each other in the same way I have loved you. (John 15:9-12)

IT WAS 1943 IN CAMP BARRETT, TEXAS, and George Ritchie had enlisted to fight the Nazis. In the middle of boot camp, he woke up at midnight, heart pounding, with a 106-degree fever. During N-rays, he passed out. The attending doctor declared him dead.

"Where was I?" Ritchie pondered.

I stood in amazement as the brightness increased, coming from nowhere, seeming to shine everywhere at once... It was impossibly bright; it was like a million suns' lamps all blazing at once. And right in the middle of my amazement came a precise thought, probably born of some biology lecture back at the university: "I'm glad I don't have physical eyes at this moment," I thought. "This light would destroy the retina in a tenth of a second."

No, I corrected myself, not the light.

He.

He would be too bright to look at. For now I saw that it was not light but a Man who had entered the room, or rather, a Man made out of light...

The instant I perceived Him, a command formed itself in my mind, "Stand up!"... I got to my feet, and as I did came the stupendous certainty: You are in the presence of the Son of God.

He was suddenly overcome with the realization that this person was Power itself fused together with an unconditional love that overwhelmed him.

(Unpublished manuscript—copyright protected Baker Publishing Group)

An astonishing love. A love beyond my wildest imagining. This love knew every unlovable thing about me—the quarts with my superpowers, my explosive temper, ... every mean, selfish thought and action since the day I was born—and accepted and loved me just the same.

He was not blaming or reproaching. He was simply loving me. Filling the world with Himself and yet somehow attending to me personally...

What have you done with your life to show Me?

... He was not asking about accomplishments and awards. The question, like everything else proceeding from Him, had to do with love. How much have you loved with your life? Have you loved others as I am loving you? Totally? Unconditionally?

Whatever I was was only—from the doorway, so to speak. But it was enough to convince me totally... after how we spend our time on earth, the kind of relationships we build, it was infinitely more important than we can know."

You are loved unconditionally by Jesus. Despite all you've done, failed to do, or are struggling with now, you are completely loved! There is nothing you could ever do to change the immense love he feels for you, just as you are. This is the truth about you—refuse to listen to any other thoughts telling you differently. Remain connected to God's love every moment of every day. As you do this, he will infuse his love into your relationships, helping you extend this same merciful love toward the people he puts in your path. Remain in God's love today, and watch how his love will not only transform you, but will be a life-giving force to others through you.

Prayer: Heavenly Father, thank you for the amazing, unconditional, incomparable love of Jesus. Help me to receive it, and empower me to love others in the same way that you love me.

Better Thinking Produces a Better Life

- Illuminates Philippians 4:8 as a rich guide for everyday living
- Author is pastor at Scottsdale Bible Church, which has 7,000 attendees
- Story-driven content relatable to a wide readership
- Foreword by Dr. Larry Crabb

Two people can face the same type of adversity and have two vastly different reactions, even when they have the same background and worldview. What makes the difference when one person responds with joy and the other responds with bitterness? Perspective—the way they think about things. Right thinking matters and, thankfully, it's something we can all learn to employ.

In this insightful unpacking of Philippians 4:8, pastor Jamie Rasmussen shows readers how to focus their thoughts and attention on the things in life that God has declared will make a meaningful impact on both a person's outlook and experience. It's the kind of thinking that has the power to change us, pointing us away from self-pity, anger, and resentment and toward contentment and personal peace, which helps us get the most out of life.

Anyone who yearns to live a life characterized by joy no matter what the circumstance will benefit from this thoughtful, practical, and inspiring book.

It's no secret that the church today has lost its influence in culture. But why? With the technology, affluence, and knowledge we have today, why are we less effective than the first-century church—which didn't have social media, fancy buildings, professional pastors, or even religious freedom?

What are we missing?

In these vital, eye-opening pages, bestselling author Ed Silvano digs into Scripture, unearthing Jesus' true design for his church—his *Ekklesia*. He shows how the early church was a radical, countercultural force of people who transformed the hostile, pagan places in which they lived. Here Dr. Silvano shows how we, in the midst of social, economic, political, and moral chaos, can once again become the revolutionary, transformational, life-giving Ekklesia Jesus called us to be.

EXCERPT

The idea that all believers should be wealthy seems offensive, arrogant and prideful at best, and ignorant, exaggerated and misleading at worst. Yet it is one hundred percent true all the time!

Now, let me be clear that not every believer should be rich, because rich and wealthy are two different things. True wealth is, first, a condition of the heart that affects the world around you and is not necessarily related to how much money you have in the bank. As a result, there are many wealthy people who do not have a lot of assets.

To help shed more light on this, let's see what God and the Bible have to say about wealth.

God's definitions of wealth:

- Wealth is the ability (resources, strength, and wisdom) to create positive outcomes in the midst of lack, poverty, or emptiness.
- Wealth is light in the darkness, healing in sickness, prosperity in poverty, wholeness in brokenness, favor in obscurity, love for the unlovely, beauty for ashes, and victory among victims.
- Wealth is a "can-do" attitude, a "more-than-enough" mindset, and a "nothing-is-impossible" belief system.
- Wealth is radical generosity, extraordinary compassion, sacrificial giving, and profound humility.
- Wealth is always thankful, never jealous, never boastful.
- Wealth celebrates others and looks to the future.

Overcoming the Never-Enough Mentality to Experience True Kingdom Abundance

- Kris Vallotton is a bestselling author and internationally respected pastor and speaker; over 400,000 copies of his books have sold worldwide
- Biblically redefines *poverty, prosperity, riches, and wealth* to help Christians move from lack into true abundance and prosperity
- Full curriculum kit also available, including a DVD with brand-new teaching, a leader's guide, a workbook, and a copy of the book

Prosperity. It's one of the most dividing words in the church. Some pastors use it to tell their congregations that God will make them all rich, rich, rich! Others spurn the word and insist that true Christlikeness is found in forsaking all worldly riches and possessions. The truth is, both are right—and both are wrong.

With refreshing honesty, humor, and keen insight, bestselling author and pastor Kris Vallotton mines the Scriptures in an eye-opening study of what the Bible really says about money, poverty, riches, and wealth. And what he finds is sure to shake up what you thought you knew—including these surprising truths:

- Jesus was not poor and homeless
- Heaven is described in the language of wealth
- Poverty is a mindset that holds us back from true wealth
- You determine your wealth based on how much, and how well, you love yourself
- God wants all his children to be wealthy, though not everyone should be rich

Kingdom prosperity begins from the inside out. When you learn to cultivate a mindset of abundance, no matter your circumstances, you will begin to experience the wealth of heaven in every area of your life.

Words of Caution for Those Who Think They're Beyond Temptation

- Author is an active writer and is quickly becoming a sought-out speaker
- Awakens readers to the dangers of denying weakness and helps them fortify themselves against temptation
- With disarming warmth and vulnerability, Rust offers readers what she's learned from her own story of public moral failure

Too many Christians, especially those in ministry, believe they are untouchable—that they're too faithful to fall or too spiritual to give in to temptation. They deny any sort of weakness, fail to draw proper boundaries, and end up doing the very things they swore they'd never do.

Pastor and author Brittany Rust was one such person—until she found herself in the middle of moral failure and a church-wide scandal. Bewildered, humiliated, and ashamed, she thought she was beyond redemption. But God's grace met her on the ground, and here she shares what she's learned through her painful journey. She unravels the myth of being untouchable, showing how we start to believe the lie, and how we can protect ourselves from temptation. Ultimately she shows that to truly flourish in life, you must be willing to admit weakness—and that no one is beyond God's redeeming love.

Change the World around You through a Lifestyle of Encouragement

- Clears away the stigma and confusion about the prophetic gift today
- Helps all believers see that operating in the prophetic is a normal part of the Christian life
- Kitterman ministers in the prophetic with a down-to-earth teaching style and wonderful sense of humor

From the beginning God has been communicating with mankind, just as he did when he talked with Adam and Eve in the Garden. Yet far too many people believe that talking with God is extraordinary when, in fact, it should be an *ordinary* part of our Christian life. Jesus modeled this two-way conversation. He also embraced a lifestyle of encouragement, changing the atmosphere and lives of people everywhere he went. We can do the same.

Full of powerful testimonies and practical application, this book will help you break out of your comfort zone and embrace a lifestyle of encouraging others—just as Jesus did. You will learn how to deepen your relationship with God, open a direct line of communication with him, and share his words with others.

New in the Acclaimed BRAZOS THEOLOGICAL COMMENTARY ON THE BIBLE

- Interprets Scripture theologically—as orthodox Christians have throughout history
- Serves as an aid for preaching, teaching, and study groups
- Offers guidance in reading the Bible under the rule of faith

The Brazos Theological Commentary on the Bible encourages readers to explore how the vital roots of the ancient Christian tradition inform and shape faithfulness today. In this addition to the series, two respected scholars offer a theological reading of Judges and Ruth. As with other volumes in the series, this commentary is designed to serve the church—providing a rich resource for preachers, teachers, students, and study groups—and to demonstrate the continuing intellectual and practical viability of theological interpretation of the Bible.

Praise for the BRAZOS THEOLOGICAL COMMENTARY ON THE BIBLE

“Many preachers have been longing for more commentaries that are not only exegetical but theological in the best sense: arising out of the conviction that God, through his Word, still speaks in our time. This series promises renewed vigor for preaching, and therefore for the one, holy, catholic, and apostolic church in our time.”—**Fleming Rutledge**, author of *The Crucifixion: Understanding the Death of Jesus Christ*

- Shows how infant baptism is the most historic Christian way of forming children into the faith
- Explains infant baptism for readers coming from a tradition that baptizes adults only

The issue of baptism has troubled Protestants for centuries. Should infants be baptized before their faith is conscious, or does God command the baptism of babies whose parents have been baptized?

Popular New Testament scholar Scot McKnight makes a biblical case for infant baptism, exploring its history, meaning, and practice and showing that infant baptism is the most historic Christian way of forming children into the faith. He explains that the church's practice of infant baptism developed straight from the Bible and argues that it must begin with the family and then extend to the church. Baptism is not just an individual profession of faith: it takes a family and a church community to nurture a child into faith over time. McKnight explains infant baptism for readers coming from a tradition that baptizes adults only, and he counters criticisms that fail to consider the role of families in the formation of faith. The book includes a foreword by Todd Hunter and an afterword by Gerald McDermott.

Reintroducing the Reformer for Evangelical Theology

This brief introduction to Luther's theology connects Luther with the evangelical tradition. Paul Hinlicky, one of today's leading Lutheran theologians, explores six key areas of doctrine for which Luther is regarded as an authority, correcting common misconceptions of his thought in light of the whole of his theology. This work regrounds evangelical mission in a new evangelism and catechesis on the basis of Luther's doctrine of the atonement as "joyful exchange." In addition to its classroom utility, it will be of interest to Lutheran pastors and church leaders.

How to Evangelize Ethically in a Multicultural Context

What does it mean to evangelize ethically in a multicultural climate? Following his successful *Evangelism after Christendom*, Bryan Stone addresses reasons evangelism often fails and explains how it can become distorted as a Christian practice. Stone urges us to consider a new approach, arguing for evangelism as a work of imagination and a witness to beauty rather than a crass effort to compete for converts in pluralistic contexts. He shows that the way we lead our lives as Christians is the most meaningful tool of evangelism in today's rapidly changing world.

Introducing the History of Biblical Interpretation

For the better part of fifteen centuries, Christians read Scripture on two complementary levels, the literal and the spiritual. In the modern period, the spiritual sense gradually became marginalized in favor of the literal sense. The Bible came to be read and interpreted like any other book. This brief, accessible introduction to the history of biblical interpretation examines key turning points and figures and argues for a retrieval of the premodern spiritual habits of reading Scripture.

A Theological Discussion of Our Place in the Universe

The first Evangelical publisher to take part in the Green Press Initiative, Baker Publishing Group urges other Christian publishers to take seriously God's mandate to be good stewards of the earth and to join this worthy initiative to spare our forests as we spread the Christian message through our books.
