About the Author

Rachel E Miquel Dufour, prominent counselor and international speaker, passionately believes the time has come to eradicate unhealthy sexual paradigms. As Rachel travels the world, she interacts with women whose faulty understanding of sexuality imprisons them and then she leads them to place of empowerment and freedom. Her French background, experience as a mother of five sons, missionary work in Asia and the years she spent as a pastor in France, all contribute to her unique perspective. She and her husband, Eric, are the founders of *Serving Alongside Ministry*, an organization providing counseling and support to Christian leaders all over the globe.

The readers of this book will appreciate Rachel Dufour championing two vital concepts: Women have a unique and beautiful sexual voice, whether married or single; lovemaking in marriage, to be fun and meaningful, must be mutual with the wife embracing her feminine sexuality—knowing that a turned-on wife is the greatest turn-on to a husband. Both husbands and wives can greatly profit from reading this book as women learn to own and revel in their sexuality.

Dr. Doug Rosenau
